The following is an examiner's statement of reasons for allowance: Prior art, U.S. Patent # 5,923,217 of Durec does not teach nor render obvious a power amplifier module that has, in combination with other limitations, a DC current amplifier to detect a DC component of an input signal and to amplify the detected DC component of the input signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
